On the following page you will find a list of Dream Team opportunities. The columns to the right of each team give an idea of various standards or requirements for each team. For clarity, here are some definitions:

DREAM TEAM REQUIREMENTS: These are some community standards that all teams follow out of respect for the spiritual health and journey of its team members and those the team serves. To review our Dream Team Requirements, see the last page of this application.

BACKGROUND CHECK: This is a standard background check that our insurance requires of us to ensure the safety and integrity of various ministries. You'll receive an email detailing how to proceed with this process should you check a team requiring a background check.

LEADER'S AGREEMENT: James chapter 3 cautions us that those who teach or influence others should understand that God holds them to a higher standard. This agreement helps make that higher standard less ambiguous and more doable.

OTHER: Some teams have various tryouts, training, and other assimilation mechanisms to ensure their quality and effectiveness. These differ from team to team.
